- 1. <u>Situation</u>. Commander, United States Pacific Command (USPACOM) tasked I Marine Expeditionary Force (I MEF) to certify as a Joint Task Force (JTF) Capable Headquarters (HQ) focused on combat operations during Fiscal Year (FY) 2017 in accordance with (IAW) references (a) and (b). The Operational Capability Assessment (OCA) process prescribed in reference (c) defines a deliberate approach to develop proficiency as a Joint Task Force (JTF) core headquarters and self-assess JTF Command and

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

Control (C2) capability during a culminating event. The culminating event for I MEF's self-assessment is Exercise BALIKATAN 2017 (BK-17) in May of 2017. The intent of this Letter of Instruction (LOI) is to the guide I MEF staff development through the remaining nine months of the FY17 OCA cycle. Guidance for U.S. Pacific Command (PACOM) component Joint augments to the I MEF core JTF staff will be promulgated under separate cover. Enclosures (1) to (9) provide amplifying information, direction and guidance to the I MEF core JTF staff per references (e) through (i).

2. <u>Mission</u>. I MEF Command Element (CE) augmented by designated PACOM component personnel executes PACOM OCA process in order to (IOT) achieve proficiency as a JTF capable HQ for combat operations in accordance with Commander, USPACOM, Commander, Marine Forces Pacific (MARFORPAC) and service direction.

3. Execution

Commander's Intent. Developing proficiency as JTF capable HQ is the number one priority for the I MEF CE in FY17 and success is predicated upon a whole of staff effort. Our efforts must focus on: training to the readiness standards established and approved by the PACOM Commander; developing Joint relationships with theater components and coalition partners; and understanding the PACOM theater and C2 relationships. Readiness to operate in a joint and coalition environment is a natural maturation of our warfighting capabilities and complimentary to our Marine Air Ground Task Force (MAGTF) readiness sustainment and improvement. We will seek efficiencies by translating the readiness derived from MAGTF training and exercises into Joint proficiency; conversely, we will apply the competencies developed by our Joint experience into our MAGTF warfighting. BK-17 formalizes I MEF's re-introduction of I MEF CE into the PACOM AOR while providing an opportunity to refine concepts for C2, echelon deployment, theater sustainment and joint expeditionary operations in an austere environment.

b. Concept of Operations

(1) Phase I (January - September 2016) / Planning and Preparation. I MEF CE develops Joint Mission Essential Tasks (JMET)s, Joint Training Plan (JTP), Joint Manning Document (JMD), Joint Mission Essential Equipment List (JMEEL) and BK-17 exercise concept supported by Joint Staff J-7, PACOM J-3 and MARFORPAC G3/5 IAW references (a) through (f) and (i).

- (2) Phase II (September 2016 April 2017) / Joint Education and Training. I MEF CE with component staff augments and response cells conduct on-line education, section training, staff exercise (STAFFEX) 1 (15-17 November), STAFFEX 2 (19 February 3 March) and Rehearsal of Concept (ROC) Drill (10 April) IAW this LOI.
- (3) Phase III (April May 2017) / Culminating Event Execution. JTF HQ and component response cells in conjunction with (ICW) Armed Forces of the Philippines (AFP) Battle Staff execute simulated JTF operations during BK-17. Exercise force operates from distributed locations in Continental United States (CONUS) and Philippines IOT accomplish exercise objectives. I MEF is designated as the primary training audience for BK-17 Command Post Exercise (CPX). The BK-17 LOI will be released under separate cover.
- (4) Phase IV (May June 2017) / Capability Assessment.

 Commanding General (CG), I MEF presents readiness assessment and sustainment of JTF HQ capabilities to COMUSPACOM post BK-17. Final assessment will be compiled from JTF self-assessment during BK, Joint Staff J-7 observations and JTP input. Assessment/sustainment plan will be developed IAW Plan of action and milestones (POA&M) in enclosure (6). Detailed instructions will be promulgated under separate cover (SEPCOR).

c. Coordinating Instructions

- (1) STAFFEX 1 (15-17 November) is an OCA event supported by Joint Staff J-7 and PACOM J-3/25. The purpose of the exercise event is to transition the I MEF MAGTF staff to a core JTF HQ Staff. Officer and Staff Noncommissioned Officer members of the JTF Staff and select JTF augments per enclosure (2) will participate. Enclosure (5) provides the pre-requisites to be completed NLT 9 November. Enclosure (7) provides the detailed agenda for the event. The MEF designated OPR is G-3/7.
- (2) STAFFEX 2 (20 February 3 March) is an OCA event supported by Joint Staff J-7 and PACOM J-3/25. The purpose of the exercise event is to conduct joint planning using the planning process documented in reference (d) to develop the JTF CONOPS for BK-17. Subsequent planning efforts will produce the OPORD with appropriate annexes and appendices to be executed by the JTF HQ during the BK-17 CPX. All I MEF staff sections and designated JTF augments will provide operational planning team representation per enclosure (2). Enclosure (5) reinforces prerequisites for the OPT. Enclosure (8) provides the detailed agenda for the event. The I MEF designated OPR is G-3/5.
- (3) BK-17 (8 19 May) is a Chairman of the Joint Staff exercise designated by COMUSPACOM as an OCA culminating event. The exercise director for BK-17 is COMMARFORPAC. The exercise consists of a CPX, FTX, HCA projects, and an HADR table top exercise; I MEF will exercise as the core of US JTF HQ operating in coordination with the AFP

Battle Staff during the CPX. PACOM components will provide Joint HQ augmentation and functional component response cells. The JTF HQ will operate with a Forward HQ coordination element in the Philippines and Main HQ in Camp Pendleton. I MEF, supported by observations from the Joint Staff J-7 and PACOM staff, will provide a self-assessment of approved JMETS per enclosure (1). JTF manning document is contained in enclosure (2). The OCA/BK-17 Working Group, STAFFEX 1 and 2, a CPX, ROC Drill and JKO required courses will ensure preparation of the JTF HQ. The BK-17 LOI will be issued under separate cover. The I MEF designated OPR is G-3/7.

- (4) References (c) and (d) provide details of JTF composition, concepts and operations in the PACOM AOR. These references are recommended for review by all members of the JTF Staff.
- (5) I MEF will be assessed as JTF HQ IAW readiness standards stated in enclosure (1). The Commander's Joint Training Guidance (reference (i)) establishes a PACOM defined methodology to assess attainment of training objectives (enclosure (3)) during execution of the I MEF Joint Training Plan. Results of training objective attainment are recorded in JTIMS and feed directly to monthly readiness reporting. The JTP OPR is G-3/7 and all training observations for JTP events are to be provided to the G-3/7 POC.
- (6) The Joint Manning Document is found in enclosure (2). The OPR for the JTF MD is the G-3 and the Office of Coordinating Responsibility (OCR) is G-1 for sourcing solution management.
- (7) The Joint Mission Essential Equipment list is contained in enclosure (4), TBI. The I MEF OPR is G-6 and OCR is the G-4.

Instructions for Completing I MEF Balikatan '17 JKO Prerequisite Training Courses and Required Reading

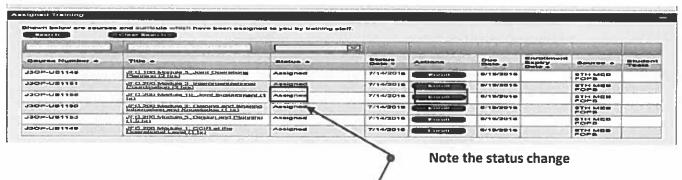

I MEF Balikatan '17 participants will complete all the prerequisite training courses, hosted on Joint Knowledge Online (JKO) NLT 9 Nov 2016. Each participant must update their student profile in JKO as follows:

- 1. From the student desktop, select the My Profile link (My Profile) in the upper left of the desktop.

 NOTE: Participants without a JKO account should go to https://ikodirect.iten.mil and select the CAC Login link to create an account. Follow the remaining instructions while completing the initial student profile.
- 2. In the Audience Association section of your profile, highlight the applicable training audience (Balikatan 17 and Balikatan 17 Optional) and copy it to the Selected window via the Copy button.

- 3. Select the Save button at the bottom of the page to complete the profile update and then close the WS_My Profile tab () from the top tab list. Your required courses will now be listed under the My Training tab course list of the student desktop, which is a list of courses you are currently assigned/enrolled in (see example below).
- Select the Enroll button to enroll in the applicable courses (enrolled courses will move to the bottom of your course list).

Select the Launch button to take the desired course.
